GLC Mission Statement

The GLC's mission is to develop active and thriving citizens within a diverse, truly fair and equal community. This will be achieved through:

- High quality teaching that deliberately develops competencies of curiosity, creativity, communication and critical-thinking;
- An inspiring and meaningful curriculum;
- The development of productive relationships by instilling the values of compassion, resilience, responsibility and aspiration to prepare our young people for learning and life;
- A commitment to the wellbeing of our staff;
- A culture of professional generosity, collaboration, challenge and support throughout the GLC;
- The development of effective external partnerships for the benefit and wellbeing of our community.

1.2 The Creation of a Learning Community

- The GLC Trust, with a Memorandum and Articles of Association agreed by the Secretary of State for Education, is the legal entity that operates the schools within it. It has been agreed that the Trust will be limited to those schools within the Chadwell and Tilbury areas that wish to join.
- A Chief Executive Officer [CEO] will oversee the work of the Learning Community and will report back as required to the GLC Board, Ormiston Trust and the Department for Education [DfE].
- Each Academy within the Trust will retain its DfE number and be subject to separate Ofsted inspections.
- Each Academy within the Trust will function as an independent entity with its own budget and Head of School [however, there will be a 5% 'top-slice' from each Academy's budget for central services] for the 2025/26 academic year.
- A single Board of Directors [see the Governance Structure below and Memorandum and Articles of Association for details] will have the responsibility for the overarching strategy of the Learning Community and the responsibility for setting targets to improve standards.
- Where agreed, Quality of Education Boards will have powers delegated by the Board of Directors and will be responsible for a focussed range of individual academy development intentions [see the Scheme of Delegation].
- The Board of Directors will establish Quality of Education Boards chaired by an elected director or governor in each academy in order to track progress against the targets set by the Board.
- The CEO, working in partnership with the Heads of School of each partner academy, will compose an annual development plan to manage developments. Other responsibilities of the CEO will be agreed with the GLC Board and set out in a clear job description.

Appendix 3: GLC Action Groups

The GLC Action Groups are established to deliver key elements of the GLC Development Plan across all academies within the GLC. Action groups are populated by representatives [where appropriate] from each GLC academy. The action groups are a key vehicle for researching best practice regionally, nationally and internationally and applying this strategically across the GLC in order to help to achieve the organisation's mission.

Terms of Reference

In order that each action group functions efficiently and effectively, the following terms of reference have been agreed:

1. A schedule of meetings will be agreed a year in advance and will be published in the GLC annual calendar;
2. The timings and location of meetings will be agreed by the action group with the chair having a casting vote;
3. Where appropriate, members from each GLC academy will be represented on the task group [ie the Gateway Academy will not need to be represented on the Early Years Task Group]. Members will be nominated by their Head of School annually;
4. Heads of School will delegate decision-making authority to the members of the action group [with the exception of financial matters]; [e.g. the English Action Group may lead the development of a GLC spelling strategy that will then be implemented in each GLC academy without the need to seek approval from the Head of School];
5. If decisions require a vote, then there will be one per school with the chair holding the casting vote;
6. The chairs of each action group will be agreed annually by the GLC Steering Group as part of the GLC development planning process;
7. The chair will be responsible for compiling the agenda. At the conclusion of each meeting members will be asked to suggest items for the following meeting. The chair will have the final say regarding the composition of the agenda.
8. The chair will be responsible for negotiating roles within the action group as appropriate and for establishing any working sub-groups;
9. A minute taker will record the key discussion areas for each meeting; the agreed actions and the member assigned to carry out the actions. The minutes will be stored on the Google Drive within the GLC network.
10. If a member is not able to attend a meeting they should arrange for a suitable colleague to deputise [NB this colleague will have the same decision making authorities]. They will also inform the chair [via email] and their respective Head of School in advance;
11. The CEO will meet with the chair of each action group at least once each term in order to compile information for the GLC Board and to discuss the progress against the GLC Development Plan key actions and impact measures.

Role of the Chair

Aside from managing the action group meetings, the chair will have a pivotal role in driving change to improve provision and outcomes. To this end, each GLC academy agrees to the following:

1. Chairs will have access to each GLC academy on a regular basis to monitor and evaluate the impact of the action group. This could take the form of:
 - Lesson observations;
 - Learning walks;
 - Work scrutinies;
 - Document reviews;
 - Data analysis;
 - Discussions with leaders;
 - Discussions with pupils and their parents.

The chair should always agree the visit with the the Head of School giving one week's notice and

outline the purpose and scope of the work. At the conclusion, a brief verbal feedback should be given. This should be followed by brief written notes of the visit.

2. Depending on the nature of the visit, the chair will be authorised to bring other members of the action group to provide additional capacity.
3. Chairs will liaise with the CEO regularly as part of the monitoring and evaluation process and should routinely inform the CEO and Head of School of any concerns that may arise, with the view to addressing them effectively and speedily;

These terms of reference relate to the following GLC Action Groups:

- Teaching and Learning

The GLC Inclusion Panel is established to support and challenge colleagues across the primary academies in their approach to dealing with persistent unexpected behaviour. There are two panels held per term, with at least one representative from each GLC primary academy. There are two forms of inclusion panel held per term, the first is to reflect on the academy's data when following the GLC processes [as defined in the behaviour and relationships policy] and so is a mechanism for self-evaluation. The second panel in a half term is in response to referrals or pupils identified as part of the data analysis made by academies where additional advice is required.

Schedule 6: The Election of Parent and Staff Governors to the GLC Quality of Education Boards

‘The appropriate authority’

For Academies and Free Schools, the Quality of Education Board is the appropriate authority for organising and determining all matters relating to the election of parent and staff governors in accordance with the procedure set out below.

Election of parent governors

Who is eligible to stand as a parent governor and vote in the elections?

All ‘parents’, as defined in the School Governance [Constitution] [England] Regulations 2007, who make themselves known to the Academy, may stand as parent governors, providing they are not disqualified from holding office as a governor under Schedule 6 of the School Governance [Constitution] [England] Regulations 2003 as amended.

Parents include:

- The parents [natural or adoptive];
- Any individual who has or has had 'parental responsibility for, or cares or has cared for, a child or young person under the age of 18';
- A person who the child lives with and who looks after the child, irrespective of what their relationship is with the child - e.g. step-father, grandparents, other relatives, cohabitees and foster parents. **NB This must be someone involved in the full-time care of the child on a settled basis.**

Under the Constitution Regulations, no parent [or carer] engaged in paid employment at the Academy for more than 500 hours in any consecutive 12 month period [at the time of election or appointment] can stand for election/appointment as a parent governor of the same Academy. **NB If a serving parent governor subsequently starts to work at the Academy for more than 500 hours in a consecutive 12 month period, they would serve out their term of office.**

Election procedures

- (i) When there is a vacancy or prospective vacancy for a parent governor, every eligible parent [or carer] who has made him/herself known to the Academy must be given the opportunity to participate in the elections, but there is no obligation on the Academy to track down such persons;
- (ii) The first step is for the CEO to write to all parents to invite nominations, enclosing a sheet setting out the qualifications and disqualifications to serve as a governor and a nomination form. The letter should indicate the closing date for receipt of nominations, which must be not less than 14 days. Letters and enclosures may be sent either via the pupils or by post. The nomination form must make it clear that the successful candidate will be required to be cleared as suitable to have access to children and young people;
- (iii) Candidates for election must at the time of election be involved in the full-time care of a child on the register of the Academy, on a settled basis. Self-nomination is acceptable provided that the Head of School is satisfied that the nominee is not disqualified under the regulations to be a governor;
- (iv) The nomination form invites candidates to submit a short personal statement for circulation to parents with the ballot papers; the CEO may set a reasonable limit on the number of words allowed – 50 to 60 words is suggested as a reasonable maximum;
- (v) Where the number of candidates nominated is the same as, or fewer than, the number of vacancies then all those nominated will be elected unopposed. If there are more candidates than vacancies it will be necessary to arrange a ballot. [Note that if not enough parents stand for election to fill all the vacancies, then governors are required to appoint parent governors to the vacancy or vacancies in accordance with the Academy Governance Constitution Regulations. Any such parent governor appointed in this way will still be required to proceed through the disclosure system as at (ii) above.];
- (vi) Ballots, when required, must be secret. To ensure confidentiality a ‘double envelope system’ is used. Each parent should be sent two envelopes with a ballot paper – one blank and one printed envelope, the

Viki Reid Summer 2025

latter being for the parent to complete to allow the CEO to check eligibility to vote. The parent is asked first to seal the completed ballot paper in the unmarked envelope and then to seal that envelope in the printed envelope, which the voter should then complete and sign;

- (vii) It is quite acceptable for the pupils to be asked to deliver and return the ballot papers. However the law requires that parents must be given the opportunity to vote by post if they so wish. Ballot papers will need to be posted, or otherwise delivered, to any parents whose child is absent from Academy when the ballot papers are issued;
- (viii) A single ballot paper [irrespective of the number of children the parent has in attendance at the Academy] must be sent to each known parent. The letter which must accompany the ballot paper explains the voting procedure and should also give the date by which the ballot papers must be returned - at least 14 days must be allowed;
- (ix) Parents are allowed one vote per vacancy – the ballot paper therefore must indicate the maximum number of candidates for whom a parent may vote. If a ballot paper is inadvertently spoilt, or lost by a pupil, a duplicate may be issued;
- (x) No arrangements may be made for proxy voting;
- (xi) A two-stage system of opening ballot papers and recording votes cast must be used. As and when the envelopes are returned, the CEO should, in the presence of at least one witness, check the name on each outer envelope for entitlement to vote and make a record of the return of the ballot paper. The inner envelope containing the ballot paper should be removed from the outer envelope and placed in the ballot box for counting at the appointed time. [If a voter chooses not to maintain confidentiality in this way, the ballot paper is to be counted as valid so long as it is clear from the ballot paper or the single envelope that the person is entitled to vote.];
- (xii) When the ballot has closed, the CEO should open the ballot box and count the ballot papers in the presence of at least two witnesses. [The candidates should be invited to the count but their presence is not essential.] The CEO is responsible for determining whether a 'spoiled' ballot paper should be counted.
- (xiii) The outcome of the ballot is determined by the simple majority vote system;
- (xiv) In the event of an equal number of votes being cast there should be a recount. If this does not produce a clear result the CEO should, in the presence of the witnesses [and any candidates who attended the count], draw lots;
- (xv) Once the necessary checks have been made, the CEO must write to all parents to let them know the outcome, giving details of the number of votes cast for each candidate;
- (xvi) Where a substantial number of parents have a language other than English as their main language, all documents relating to the election should be translated into other language/languages;
- (xvii) The ballot papers should be retained securely for six months in case the election result is challenged. The number of ballot papers issued and returned at each election should be recorded;
- (xviii) The clerk to the governors should send a letter of appointment to the successful candidate(s) confirming the period of appointment;
- (xix) Academies must make every reasonable effort to fill parent governor vacancies through elections. If insufficient parents stand for election then governors body can appoint:
 - (a) A parent of a registered pupil at the Academy; or if that is not possible;
 - (b) A parent of a former registered pupil at the Academy; or if that is not possible;
 - (c) A parent of a child of or under compulsory Academy age.

Election of staff governors

All Quality of Education Boards are now constituted under the School Governance [Constitution] [England] Regulations 2007 to have staff governors. This group includes the Head of School and both teaching and support staff paid to work at the Academy.

The constitution of every Quality of Education Board must include a representative of teachers under the staff category. All those employed to work at the Academy as teachers [whether under a contract of employment or a

contract for services] are eligible to stand as candidates for election as teacher [staff] governor, providing they are not disqualified from holding office as a governor under the School Governance Constitution Regulations. Supply teachers employed on a daily basis are not eligible to stand as candidates for staff governor or vote in any election for such a position.

For Academies where the constitution provides for only two staff governors one will be the Head of School and the other will be a teacher. Where the constitution provides for three staff governors one will be the Head of School, one will be a teacher and one a member of the support staff.

If no teacher is put forward for a teacher governor the position can be filled by a member of the support staff and if no member of the support staff is nominated for any position allocated for support staff the position can be filled by a teacher.

Support staff are those paid to work at the Academy in any capacity other than as a teacher. Eligible support staff can include anyone employed directly by the Academy under a contract of employment or anyone employed under a contract of services, eg Academy caterer even if employed by a contractor.

The election of staff governors involves all staff in the voting process. All staff will be invited to vote in the election of teacher and support staff governor elections.

The period of office of staff governors [except the Head of School] will be determined by the Quality of Education Board [up to a maximum of four years and stated in the Instrument of Government.

Election procedures

- (i) When there is a vacancy or prospective vacancy for a teacher governor or support staff governor, every teacher or support staff member employed to work at the Academy must be given the opportunity of participating in the appropriate elections;
- (ii) The first step is for the Head of School to write to all relevant staff to invite nominations, enclosing a sheet setting out the qualifications to serve as a governor and a nomination form. The letter should indicate the closing date for receipt of nominations, which must be not less than 14 days. All relevant staff must be advised that the successful candidate will be subject to a check that they are suitable to have access to children and young people which may be made through the Criminal Records Bureau before taking up the governorship. This check will be made regardless of any DBS clearance the candidate may have in respect of their employment in the Academy;
- (iii) Staff who are nominated for election must be employed to work at the Academy either as teachers or support staff on the closing date for nominations;
- (iv) The nomination form invites candidates to give brief biographical details to go out with the ballot forms; the Head of School may set a reasonable limit on the number of words allowed;
- (v) Where the number of nominations received is the same as or less than the number of vacancies, candidates will be elected unopposed. If there are more nominations than vacancies, it will be necessary to arrange a ballot. [Note that the legislation does not provide, as it does where not enough parents stand for election, for the governing body to appoint a staff governor]. In the event that no member of the teaching staff is willing to stand the position can be filled by a support staff member. Similarly, where no member of the support staff stands as a candidate for a support staff governor, a teacher can be elected to the vacancy. Where the Head of School chooses not to be a governor, the position is left vacant and cannot be filled by anyone else. Where a Head of School is absent from Academy for a prolonged period and an acting Head of School is appointed, the acting Head of School will be one of the staff governors and can vote;
- (vi) The ballot will be secret and the Head of School should ensure that each ballot paper is stamped with a distinguishing mark and that a record is kept of the number of ballot papers issued;

- (vii) A ballot paper which must make it clear that all staff may vote for the number of candidates for which there are vacancies, must be sent to all members of the staff – teaching and non-teaching – who are eligible to vote;
- (viii) Staff should vote in person wherever possible. However, the facility for postal voting should be made available to any eligible member of staff who finds this more convenient or is temporarily absent from the Academy;
- (ix) No arrangements may be made for proxy voting;
- (x) The Head of School should open and count the ballot papers in the presence of the candidates or their nominated representatives and will be responsible for determining whether a 'spoiled' ballot paper should be counted;
- (xi) The outcome of the ballot is determined by the simple majority vote system;
- (xii) In the event of an equal number of votes being cast there should be a recount and if this does not produce a clear result the Head of School should draw lots in the presence of the candidates or their representatives;
- (xiii) The Head of School must ensure that the staff are notified of the outcome and the number of votes cast for each candidate after the necessary checks have been made;
- (xiv) The ballot papers should be retained securely for six months in case the election result is challenged. The number of ballot papers issued and returned at each election should be recorded;
- (xv) The clerk to the governors should confirm the appointment with the successful candidate stating the period of appointment for the category of governor determined by the Quality of Education Board and set out in the Instrument of Government;
- (xvi) Should the staff governor cease to be employed at the Academy the appointment ends immediately.

Appendix 12: GLC Scheme of Delegation

Introduction

This Scheme identifies the key decisions that are required in connection with the overall governance and management of the GLC and the individual academies within it, and should be read in conjunction with the Terms of Reference for the committees and the Articles of Association of the GLC. The Scheme is reviewed by the Trustees at the start of each academic year and is subject to modifications made by the Trustees from time to time.

The bodies identified in the Scheme are as follows:

- **Members** of the GLC Trust;
- **GLC Board of Directors** [which may separately delegate any powers reserved to it to specific committees of the Trust Board];
- **GLC Finance & Risk Committee** a committee of the Trust Board, which operates subject to Terms of Reference set by the Trust Board];
- **Quality of Education Board** of the Academy [a committee of the Trust Board, which operates subject to Terms of Reference set by the Trust Board];
- **Head of School** of the Academy;
- **Accounting Officer / CEO**;

The different levels of delegated power are described as follows:

- Approve [A];
- Propose [P];
- Be consulted [C];
- Implement [I].
